Mr. David Welsh
Welch and Rushe, Inc.
391 Prince George's Boulevard
Upper Marlboro, MD 20774

Dear Mr. Welsh,

Soon after my arrival here about three years ago, I approached Maury Mattingly to give me some advise as to our heating and air conditioning needs/concerns here at Saint Ann's.

After careful study of the problem I suggested to our Parish Pastoral Council that that we look into the possibility of finding a system that would serve our needs and in the long run would be most economically beneficial to the parish. As you know, we settled on the Mitsubishi City Multi.

Welsh and Rushe began work on this project on June 11, 2007 and finished on August 17, 2007, something that I thought would be impossible considering the size of the project. I am happy that I choose Welsh and Rushe as the general contractor and most of all, I want to thank you for assigning Rick Rodda as the Foreman on this job. Rick kept things moving without being overbearing on the workers and showed great respect for our staff and the building. If we were to undertake another large project where we would be using the service of Welsh and Rushe, would look forward to working again with Rick.

Wishing you all the best and with kindest personal regards, I
am

Sincerely yours,

Reverend Msgr. Godfrey Mosley
Pastor
